IMPACT Report October 1, 2010

Note: The September 14th meeting went very well in spite of the low attendance. All ten of the mentors attended and five of the ten mentees who had RSVP'ed they would come. The food was outstanding, the prizes were very well received since the five mentees got all we had, and our goal was reached. The mentees and mentors had the more time to connect in a meaningful way than ever before. So although we were disappointed about the turn out the meeting was a success for those who attended. LT
