Re: IMPACT – UofA Report

Date: October 25, 2009

We're having an event this Thursday, Oct. 29, at Gentle Ben's, a local brew pub, to welcome back the students from last year who are still participating and welcome a few of the new students. I have been meeting regularly with the head of Elem. Ed. at the University, and we are working closely to expand the program.

Over 50% of last year's students are still participating, and we even have a couple from the year before!

Thanks,
Claudia
