Communications Committee

The March/ April Conduit is completed and is going through the publication process. You have already received the e-mail version. Just a reminder that we're actively soliciting photos for our final issue of the year. We'd especially like to get photos from the Chapters, but any activity involving our members would be great. We will again submit the Conduit for AEA and NEA awards competitions. Special thanks to Julie for her excellent e-mail updates.

Suzan Austin will no longer be co-editor of Conduit. Please volunteer to Co-edit the Conduit.

Respectfully submitted,
Frank Bing, Co-editor
